

DCI Incorporated Technical Seminar  
EEE&M 2010 Show  
St. Charles Convention Center  
Wednesday, April 7<sup>th</sup>, 1:00PM – 2:30PM  
Seminar Room 101

## Introduction to LCD Technologies, TN to TFT and everything in between

Presentation will focus on an overview of all LCD technologies from a technical perspective. Specific detail will also be provided for monochrome displays.

DCI offers a complete line of custom displays and modules, including LCD and LED displays, as well as Diachronic, Heilmeyer and First Minima displays for avionics and other advanced applications. The drive and interface electronics can be integrated for a turnkey LCD module solution. Products, services and expertise can be viewed at [www.dciincorporated.com](http://www.dciincorporated.com)

To register for this seminar please contact Jerry Keithline at DCI Incorporated, 913-890-8882 or [jerry.keithline@dciincorporated.com](mailto:jerry.keithline@dciincorporated.com)
